

Education for Nonviolence

The Waldorf Way

Torin M. Finser, PhD

We can do something about our increasingly violent world. Abstract concepts, rote learning, and standardized tests cannot develop the emotional and social intelligence our children need in life. Torin Finser describes how Waldorf independent and charter schools provide much-needed pathways toward wholeness. Waldorf schools are founded on the social ideals grounded in an abiding belief that education can make a crucial difference in building a future society that is less violent, more just, and truly compassionate.
