Programs must ensure that all required information is published on their homepage. Programs may use the table below or develop their own format as long as all elements in the template below are included. Programs that have questions about meeting the Student/Graduate Achievement disclosure policy should contact coa@aamft.org
- Programs are required to publish data on all of the required Student Achievement Criteria set by the Commission per cohort on an annual basis on the landing page of their program's website. The information must be clearly labeled and identifiable on the program's home page and provide all of the required information. Programs must complete all sections of the Student Achievement Criteria Data Disclosure table, including initial accreditation date and percentage rates (not raw data) for the graduation rates, job placement rates and exam pass rates in each track of the program.
- Programs that do not offer a part-time track should delete the corresponding column and report only for their full-time students.
