

Early Completion Option Administrator Recommendation

Senate Bill 57 was designed to allow eligible individuals to complete an Induction program at a faster pace than the full two years generally required to complete all requirements. Early Completion Option participants have the opportunity to complete the program in one year. This option is available to *experienced* and *exceptional* candidates. In order to be recommended for a clear credential, teachers must demonstrate the knowledge, skills, abilities, and competencies required of all teacher candidates who complete a full induction program. This form is to be completed by the candidate's current administrator.
