Women & Leadership Certificate Program

A 10-month low residency program for busy professional women who are ready to take their leadership to the next level of effectiveness, fulfillment and impact.

AUSB's Women & Leadership Certificate accelerates your personal and professional success by:

- Supporting you in articulating your own leadership purpose, values, goals and strengths;
- Delivering learning experiences that deepen the self-awareness, skills and confidence needed to lead successfully;
- Understanding and navigating the unique challenges of an uneven playing field for women;
- Building networking skills and a strong community of support, including mentors, sponsors, alumni, faculty, role models and peers;
- Coaching you in the design and execution of a leadership project that strengthens your skills, demonstrates your development and delivers positive change.

Empowering women with the knowledge, skills, confidence and support to lead with purpose, increase their impact and advance their careers.
