

# EDUCATING FOR THE RESISTANCE: *COMMUNITY REFLECTION*

A response to the current political climate and the threats it poses to rights, liberties, and resources

**Thursday**  
**June 8<sup>th</sup>, 6:30pm**  
**AUS Room 226**

Please join us for an end-of-quarter gathering to mark the end of a fruitful and invigorating quarter! Students will share their final projects and will describe some of the actions they documented on the "Wall of Resistance." Students will discuss what they learned and how we might all engage in acts of resistance and activism moving forward.

All members of the Antioch community are welcome to join.
