

Wolf Ridge Partnership

Coursework - Science Teacher Certification

Antioch University New England's Environmental Studies Department will accept 6 graduate level credits earned by Wolf Ridge graduate-naturalists toward an MS in Environmental Studies with a concentration in Science Teacher Certification. This represents a significant savings applied to earning a master's degree along with a state certification to teach Middle Level Science (6-8) or Life Sciences (grades 7-12).

Wolf Ridge Residency followed by AUNE Residency

Wolf Ridge courses (6 credits)

ESC 5500 Community Ecology (3)
ESE 5470 Environmental Education Methods (3)

Antioch University New England courses (30 credits)

ESC 5720 Earth Systems & Climate Change (3)
ESC 5440 Leadership for Change (3) OR ESC 6010 Political Economy & Sustainability (3)
ESE 5210 Problem Solving Science (3)
ESE 5440 Curriculum Design (3)
ESE 5200 Science Teaching Methods (3)
ESE 5350 Conceptual & Human Development (3)
ESE 5360 Foundations of Science & Environmental Education (3)
ESE 5220 or Teaching Exceptional Children (2)
ES 5980 School Law (1)
ES 6910/6920/6940 Student Teaching Internship (6)
