## **INTRODUCTION**

Antioch University Seattle (AUS) works to help you maintain your personal safety and to protect your property by providing security tips, policies and procedures, and access to our annual Campus Safety and Security Report which is required by the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the “Clery Act”). We believe an informed community is a safer and more empowered community. Sharing this kind of information is important in reducing our chances of becoming crime or accident victims.

Each year, under the auspices of the Office of the Provost for each of the campuses of Antioch University (“Antioch” or the “University”), AUS publishes the Annual Security Report, in compliance with federal law’s Clery Act, as well as Antioch University’s Clery Act Policy 3.309 ([http://aura.antioch.edu/policies\\_300\\_3x/3/](http://aura.antioch.edu/policies_300_3x/3/)). This report discloses crime statistics and outlines AUS security policies and procedures. Antioch assembles statistics and relevant information to this report based on its own records, communications with local law enforcement, and information from various campus security authorities. Please take the time to familiarize yourself with this report so you can become an informed member of our community and contribute to the University’s efforts to create and maintain a safe environment. The report can be found on the Antioch University website at <https://www.antioch.edu/securityreport>.

The federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, 20 U.S.C. § 1092 (more commonly referred to as “the Clery Act”), requires all postsecondary educational institutions participating in federal Title IV student financial assistance programs to disclose certain crime statistics, safety related policies and procedures, fire safety information, and fire statistics in an annual security report (ASR). The Clery Act mandates that institutions publish their ASRs by October 1st each year.

Every member of the Antioch community has an interest in the maintenance of an environment conducive to learning in which students, staff, and faculty feel safe and secure in their pursuit of academic excellence. Following is the Campus Security Policies and 2020 Crime Statistics, which contains important information related to the safety and well-being of our Antioch community. We encourage all to review this report and to use it as a resource guide during your study or employment with us. Thank you for being part of or considering our community as the next part of your journey, and best wishes for a healthy and productive experience at Antioch. Remember, always use good safety sense, trust your gut, and don’t hesitate to contact the Director of Campus Services, Facilities Department, or the Front Desk whenever you need assistance or more information about the services we provide. Following is the Annual Security Report for Antioch University Seattle.

## **NOTICE OF NON-DISCRIMINATION**

Antioch is proud to foster an environment in which all individuals are treated with respect and dignity. Antioch is fully committed to equal opportunity and affirmative action in all aspects of employment and student service. All employment decisions at Antioch are made based on job-related criteria and merit without regard to the individual's legally protected status.

It is the policy of the University not to discriminate against and to provide equal employment opportunity to all qualified persons without regard to race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, military and veteran status, or any other protected classification. It is the policy of the University to analyze the employment process to further the principles of equal opportunity employment.

This policy applies to all employment practices, including, but not limited to, recruitment selection, promotion, transfer, compensation, training and development, demotion, and separation. This policy is intended to be consistent with the provisions of applicable State and Federal laws and University policies.

## **ABOUT ANTIOCH UNIVERSITY SEATTLE**

Antioch University Seattle is one of the five campuses of Antioch University, an institution proud of serving adult learners and their specific needs for over thirty five years. Antioch University is a multi-campus university of more than 4,000 students who study at the Antioch Seattle campus in Seattle, WA, and at campuses in [Midwest](#), [Los Angeles](#), [Santa Barbara](#), and [Keene](#), New Hampshire, online and around the world. Antioch Seattle is located at 2400 3rd Ave in the heart of downtown Seattle. The Seattle campus is a commuter campus, and students do not reside on campus.

Much campus crime throughout the country originates in on-campus residence halls. Because Antioch does not host students in dormitories, it has no dormitory-related crime to report, and, as reflected in our relevant crime statistics, relatively few incidents overall to report.

## **CRIME PREVENTION TIPS**

### **Personal Security**

- Personal security is exactly that – personal. No one else can do it for you. These guidelines are by no means all-inclusive and are not intended to supplant other effective safety measures you may already be using. Use these guidelines to reduce your vulnerability.
- Stay alert to your surroundings, trust your instincts that something may be wrong, and take appropriate action.

### **Safety & Security**

- Be alert to suspicious persons in your area. If anything appears to be not quite right, contact the Front Desk at extension 4000 (206-268-4000 from an outside line).

- Be aware of how to use the internal AUS telephone system. AUS's phone system requires dialing 9 for an outside line (i.e. 9-911).
- Never leave belongings unattended even for a few minutes.
- Never agree to watch belongings for strangers or allow them to leave them in your area.
- Note the location of emergency fire exits and fire extinguishers near you.
- Note your class or meeting location in case of an evacuation.
- Never attach your AUS exterior entry key to any item that can identify the school. That way if your keys are lost, they cannot be traced back to the university. If lost or misplaced notify Facilities immediately at extension 4035 (206-268-4035 from outside line).
- Remember: The safety and security of your class and workplace is everyone's responsibility—it's a team effort.

### **Avoid Confrontations**

- Do not allow yourself to be drawn into arguments or shouting matches with coworkers, fellow students, or the public. Walk away. Contact Facilities or the Front Desk for assistance when needed.

### **Protect Your Belongings**

- Keep all personal belongings such as backpacks, briefcases, or purses close to where you are working. If you leave the area, even for only a short time, secure them in a locked drawer or cabinet or take them with you.
- Close and lock office doors when you leave, even if you are leaving for a short time period.

### **After Hours Safety**

- When driving to campus, if possible, park close to the entry door. When leaving at night, or when there are few people around, walk to your car with someone else. (If need be, request an escort to your car from the Front Desk or Facilities staff.)
- When entering or leaving the building, make sure the door is closed and locked behind you.
- If you suspect a crime has taken place in the building or in a room, do not go inside. Get to a safe place and call 911 to report the crime. Then call the Front Desk to inform staff.

### **CAMPUS ACCESS AND SECURITY**

The AUS campus regular hours of operation are 8:00 a.m. – 10:30 p.m. Monday through Thursday, 8:00 a.m. – 9:30 p.m. on Friday, and 8:00 a.m. – 6:00 p.m. Saturday and Sunday. During hours of operation, the AUS campus is open to students, employees, and guests.

(\*Over breaks between quarters the hours of operation are condensed with a closing time of 6:00 p.m. Monday – Saturday, and closed on Sundays.)

During non-business hours, access to all AUS facilities is by key and fob. Faculty and staff may be in the building during non-business hours; students may not be in the building during non-business hours. The AUS campus has evening and weekend security staffing, and specific areas of the facility are continuously monitored by security video cameras.

As AUS has no residential facilities, we do not maintain a missing student notification policy, nor are we required to have separate policies regarding access to campus residences.

### **LAW ENFORCEMENT STATEMENT AND REPORTING A CRIME**

Antioch University Seattle's Director of Campus Services (includes the Front Desk) and Facilities Department acts as the campus Safety Officers. They maintain a professional working relationship with the Seattle Police Department. AUS personnel and contractors do not have arrest authority. All AUS faculty, staff, and students are encouraged to determine whether individuals have lawful business at AUS and, if need be, are authorized to ask for identification or report their concerns to their supervisor, instructor, facilities, or front desk staff. Criminal incidents are referred to the local police who have jurisdiction on campus. All crime victims and witnesses are strongly encouraged to immediately report the crime to the Seattle Police Department and to the Director of Campus Services or Facilities Department.

Antioch University's Law Enforcement Statement and Cooperation Policy can be found here:

[http://aura.antioch.edu/policies\\_300\\_3x/1/](http://aura.antioch.edu/policies_300_3x/1/)

### **VOLUNTARY REPORTING AND CONFIDENTIALITY**

Antioch encourages anyone who is a victim of a crime or a witness to a crime to report that information as soon and as accurately as possible to the Campus Safety Officer (x4035) or the Provost's Office (x4055). That reporting will enable Antioch to direct the reporter to available resources, such as medical treatment and/or the local police. While every effort will be made at Antioch to keep information confidential upon request, particularly regarding a reporter's identity, Antioch cannot always hold information about crimes in confidence. With such information, the University can determine whether there is a pattern of crime with regard to a particular location, method, or assailant; take measures to reduce the risk of crime to others; and alert the campus community to potential danger. In addition, Antioch will use this information to gather and disclose accurate records of the number of incidents in the upcoming Annual Security Report.

### **SECURITY AWARENESS AND CRIME PREVENTION PROGRAMS**

During orientation in the fall students are informed of security awareness and crime prevention measures on campus. Similar information is presented to new employees. This Annual Security Report has many crime prevention and security tips. A common theme of all security awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others. When time is of the essence, information is released to the University community through University email, security alerts posted prominently throughout campus, and in person.

### **REPORTING EMERGENCIES**

Anyone discovering, or having information related to, an emergency situation, regardless of type or size, shall immediately call 911 (9-911 from a campus phone). When calling 911, stay calm, explain

the problem and location to the dispatcher, and follow all instructions of 911 personnel. Do not hang up the phone until expressly told to do so by 911 personnel (unless immediate evacuation is imperative). After reporting the emergency to 911, call the Front Desk: 206-268-4000 or After Hours Line: 206-795-1208 to inform the Campus Services staff of the situation.

### **GENERAL EVACUATION PROCEDURES AND EMERGENCY RESPONSE**

In the event that it becomes necessary to evacuate the facility, the building alarm system will be activated. All magnetized doors will release and close; elevators will return to the first floor, open, and go out of service. The building's notification system consists of very loud, short rings accompanied by white strobe lights for the hearing-impaired.

During an evacuation, all AUS students, faculty, staff and visitors shall immediately cease all activity and proceed carefully and quickly to the nearest exit. During a building evacuation, elevators are not to be used. All AUS evacuees are to assemble at the Safe Refuge Area: in the parking lot adjacent to our building on the 5<sup>th</sup> and Battery Starbucks .

All AUS students, faculty, staff, and visitors are instructed to be accounted for and to remain at the Safe Refuge Area until the "All Clear" is given by Public Authorities, AUS Administration, or Building Management.

### **FIRE SAFETY**

Any employee, student, or visitor who becomes aware of a fire on campus shall immediately activate a manual fire alarm pull station to sound the building alarm system. All building occupants are instructed to evacuate the building when the fire alarm is activated.

Building occupants are **not** expected to fight a fire. If an individual chooses to attempt to extinguish a fire, they should do so with extreme caution, and must delegate someone to sound the fire alarm and call 911 (or 9-911 from a campus phone) to begin the evacuation process. If the fire cannot be easily extinguished, all occupants must evacuate to the Safe Refuge Area.

Antioch University Seattle is a smoke-free campus ([http://aura.antioch.edu/policies\\_400\\_5x/2/](http://aura.antioch.edu/policies_400_5x/2/)) and does not permit open flames on campus except in designated catering areas.

### **EARTHQUAKE**

If an earthquake occurs, all staff, faculty, students, and visitors should be aware of steps to take to stay safe. Drop. Cover. Hold On.

**If Inside:** Stay there – do not run outside and do not use the elevator. Take cover on an inside wall, underneath a desk or table, protecting your head and neck and hold on to that shelter. Stay clear of all windows, bookcases, file cabinets and objects that can fall. Stay put until the shaking stops.

*If you cannot drop to the ground, try to sit or remain seated so you are not knocked down. If you are in a wheelchair, lock your wheels. Protect your head and neck with a large book, a pillow, or your arms. The goal is to prevent injuries from falling down or from objects that might fall or be thrown at you.*

**If Outside:** Stay in the open away from trees, buildings, walls, and power lines as best you can. The greatest danger from falling debris is just outside doorways and close to outer walls of buildings – stay away from the outer wall of a building. Get down low and stay there until the shaking stops. If you're in a car, pull over to the side to get away from utility poles, utility wires, and under or overpasses. Stay in your car. Set the parking brake and wait for the shaking to stop. If a utility wire falls on your car, do not get out until a trained person removes the wire.

**After Shaking Stops:** Do not use regular or cellular phones except to report serious injuries. Assist in building evacuation if needed (The decision to evacuate from campus will be based on severity of the earthquake and the damage to building.) AUS will provide instructions for immediate action by means of door-to-door alerting, PA System, or fire alarms.

### **CAMPUS CRIME LOG**

The Antioch University Seattle Facilities Department maintains a log of reported incidents and crimes. A log for the most recent 60 days is open to public review during regular business hours. Log information beyond 60 days will be made available within two working days of a written request. Please contact the AUS Safety Officer for review.

### **TIMELY WARNING**

Antioch University will provide timely warnings concerning the occurrence of any Clery Act reportable crime that poses a continuing and ongoing threat to the AUS community. The decision to issue a timely warning is made by the Provost or the Provost's designee, on a case-by-case basis considering the available facts (including whether the incident is a serious or continuing threat to the community and whether the warning may compromise law enforcement efforts). A timely warning may include a brief description of the incident and any suspect(s), the date, time, and location of the incident, and suggested precautions. The purpose of the timely warning is to aid in the prevention of similar occurrences.

### **EMERGENCY NOTIFICATION**

The Provost or designee will determine if a serious crime, natural disaster, or other emergency poses an immediate threat to the health and/or safety of students and/or employees. If there is such a threat, AUS will immediately notify those who may be affected by the situation. The Provost or designee will, without delay, determine the contents of the notification and who will be notified. If the Provost or designee determines that immediate notification would significantly compromise the response or assistance efforts, the Provost or designee may delay notification. In all other instances, the Provost or designee will immediately activate the notification system.

AUS uses the following systems for communicating information quickly to the campus community: University email; social media; phone system paging system; website; and in-person notification. Some or all of these methods of communication may be used in the event of an immediate threat to students and/or employees.

AUS will test the emergency response and evacuation procedures on at least an annual basis using announced or unannounced tests. For each test, a description of the exercise, date, time, and whether it was announced or not will be documented.

Antioch University's Emergency Response and Evacuation Policy can be found here: [http://aura.antioch.edu/policies\\_300\\_3x/2/](http://aura.antioch.edu/policies_300_3x/2/).

### **SEXUAL HARASSMENT POLICY AND VIOLENCE AGAINST WOMEN ACT**

Antioch University strives to foster an academic and work environment that is free from sexual discrimination, sexual harassment and sexual violence. The Title IX Sex Discrimination, Sexual Harassment and Sexual Violence Policy, Policy 4.607 ([http://aura.antioch.edu/policies\\_400\\_6x/12/](http://aura.antioch.edu/policies_400_6x/12/)), provides a comprehensive approach to these issues, including prevention, amelioration of possible effects, investigation, disciplinary proceedings, and the prohibition of retaliatory action. The Title IX Policy provides a full description of the rights of students and employees regarding these issues.

In addition, under the Violence Against Women Act, 42 U.S.C. 13701, Antioch University prohibits the offenses of domestic violence, dating violence, sexual assault, and stalking, all of which are defined according to the law of the applicable jurisdiction. Upon request, Antioch University provides to a student or employee who reports having been a victim of domestic violence, dating violence, sexual assault or stalking, whether on or off campus, an explanation of the student or employee's rights and options, including possible sanctions and the procedures to be followed (including the importance of preserving evidence.) Faculty and staff may contact the HR Director for information. Students may contact the Title IX Coordinator, Student Affairs or the Front Desk staff.

### **SEXUAL HARASSMENT AND VIOLENCE AGAINST WOMEN PREVENTION PROGRAMMING**

AUS educates the community about sexual harassment identification and prevention through programs sponsored regularly by the University's Human Resource Department.

Additionally, local resources exist to assist and support victims of sexual assault. These include:

- AUS Community Counseling Clinic, 2505 Third Avenue, Seattle, WA 98121. (206) 268-4840.
- Crisis Clinic, 9725 3<sup>rd</sup> Ave NE, #300, Seattle, WA 98115. (206) 461-3222
- 24 Hour Crisis Line: (206) 427-4747

- King County Sexual Assault Resource Center (KCSARC): (425) 226-5062  
(Trained advocates will answer your phone call, provide crisis intervention, information and referrals, and on-going support 24 hours a day, 7 days a week.)
- Seattle Police Department Victim Advocate: Lisa Immerwahr: (206) 684-7701

### **PROCEDURES TO FOLLOW IN THE EVENT OF A SEXUAL ASSAULT**

If you are a victim of a sexual assault at AUS, get to a place of safety and ask for help. You should then obtain medical treatment for your own peace of mind and for evidence collection and preservation. AUS has a partnership with the Seattle Police Department (SPD) and will help you connect with a victim advocate should you choose to report the sexual assault immediately or at a later date. Whether you choose to report the crime or not, we want to offer you support and work to insure your ongoing safety.

Please report any assault directly to a faculty or to staff, who will assist you in reporting the assault to the Campus Safety Officer.

### **INSTITUTIONAL RESPONSES TO A REPORTED SEXUAL ASSAULT**

When a sexual assault victim contacts the Campus Safety Officer, the Seattle Police Department will be notified as well. The notification provides information to SPD. Notification does not determine whether or not the case is investigated. The victim of a sexual assault chooses whether or not investigation is pursued through the criminal justice system. If the victim chooses to have the case investigated, the Seattle Police Department will guide the victim through the available options, and will offer the support of a victim advocate.

University disciplinary proceedings are detailed in the Antioch University policy on Sex Discrimination, Sexual Harassment and Sexual Violence Policy, Policy 4.607 ([http://aura.antioch.edu/policies\\_400\\_6x/12](http://aura.antioch.edu/policies_400_6x/12)) Conduct, available on the AU website at [http://aura.antioch.edu/policies\\_600\\_1x/2/](http://aura.antioch.edu/policies_600_1x/2/).

Student victims have the option to change their academic schedule after an alleged sexual assault.

### **SEX OFFENDER REGISTRY**

Upon release from prison, individuals convicted of sex crimes may be required to register with law enforcement agencies (under laws referred to as “Megan’s Laws”). If registered sex offenders are enrolled or employed at a postsecondary institution, the offenders also must provide this information to the state. The state then provides the information to law enforcement authorities in the jurisdiction where the institution is located.

A registry of sex offenders who have been determined to be of high or moderate likelihood to re-offend is maintained by the King County Sheriff's Department:  
<http://www.kingcounty.gov/safety/sheriff/SOSearch.aspx>

Antioch University Seattle's street address is 2400 3rd Ave, Suite 200, Seattle, WA 98121.

For the National Sex Offender Public Website (NSOPW) maintained by the U.S. Department of Justice, visit <http://www.nsopw.gov/en-US>

### **DRUG FREE SCHOOLS AND COMMUNITIES POLICY**

Antioch University is committed to the development and maintenance of an educational and workplace environment in compliance with the Drug-Free Schools and Communities Act of 1989 and the Drug-Free Workplace Act of 1988, and does not permit the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on its property or at any of its activities. Please see the Drug Free Schools and Communities Policy at ([http://aura.antioch.edu/policies\\_400\\_5x/1/](http://aura.antioch.edu/policies_400_5x/1/)). Possession, sale, manufacture or distribution of any controlled substance is illegal under both state and federal laws. State and federal legal penalties for illegal use of alcohol and drugs are delineated in the attachments to the Drug Free Schools and Communities Policy. A violation of any law regarding drugs and/or alcohol is also a violation of the Student Conduct Policy 6.100 ([http://aura.antioch.edu/policies\\_600\\_1x/2/](http://aura.antioch.edu/policies_600_1x/2/)) and will be treated as a separate disciplinary matter by the University.

It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession of alcohol by anyone under the age of 21 in a public place or a place open to the public is illegal. It is also a violation of policy for anyone to consume or possess alcohol in any public or private area of campus without prior University approval. Such laws are strictly enforced by Antioch and by the Seattle Police Department. Violators may be subject to criminal prosecution, fines and imprisonment. In addition, individuals, organizations or groups violating state or federal law or Antioch policy will be subject to sanctions by the University, up to and including withdrawal from the University or termination of employment.

### **DRUG AND ALCOHOL ABUSE POLICY AND EDUCATION PROGRAMS**

Antioch University provides resources for employees with substance abuse issues. Insurance policies available to employees of Antioch University include coverage for drug and alcohol abuse. All benefit-eligible employees, including those who do not participate in University insurance plans, are eligible for support for substance abuse through the institution's Employee Assistance Program (EAP). Please contact the AUS Human Resources department at (206) 268-4022, for more information on the University's insurance policies and for details regarding the EAP.

Washington State:

The following is a summary of the definitions applicable to Title IX offenses (sexual assault, dating violence, domestic violence, and stalking) under the laws of Washington State.

*“Consent”*

“Consent means that at the time of the act of sexual intercourse or sexual contact there are actual words or conduct indicating freely given agreement to have sexual intercourse or sexual contact.” Wash. Rev. Code § 9A.33.010(7).

*“Sexual Assault”*

Washington RCW 9A.44.040-.060<sup>4</sup> refers to sexual assault as “rape” and divides the law into three degrees. “First Degree Rape” is defined as engaging in sexual intercourse by forcible compulsion where the accuser or an accessory either:

- uses or threatens to use a deadly weapon or what appears to be a deadly weapon;
- kidnaps the accuser;
- inflicts serious physical injury, including but not limited to physical injury which renders the accuser unconscious; or
- feloniously enters into the building or vehicle where the accuser is situated.

“Second Degree Rape” is defined, in part, as engaging in sexual intercourse with the accuser under circumstances including:

- by forcible compulsion;

- when the accuser is incapable of consent by reason of being physically helpless or mentally incapacitated;
- when the accuser is a person with a developmental disability and the accused is a person who is not married to the victim and who supervises or transports the accuser;
- when the accused is a health care provider, the victim is a client or patient, and the sexual intercourse occurs during a treatment session, consultation, interview, or examination;
- when the accuser is a resident of a facility for persons with a mental disorder or chemical dependency, the accused supervises the accuser, and the accused and accuser are not married; or
- when the accuser is a frail elder or vulnerable adult and the accused is a person who is not married to the victim and who has a significant relationship with the accuser or transports him or her for compensation.

“Third Degree Rape” means, in part, sexual intercourse where the accuser clearly expresses his or her lack of consent by words or conduct or where there is a threat of substantial unlawful harm to the property rights of the accuser.

In addition to these definitions of rape, Washington State also has several child molestation and rape statutes, which generally prohibit sexual intercourse and contact with and between minors, subject to certain carve-outs where the age differential between the accuser and accused is proximate. See Washington RCW 9A.44.073-096.

### *“Domestic Violence”*

Washington State law does not contain a criminal definition of domestic violence. Washington RCW 26.50.010<sup>5</sup> governing civil protective orders, however, defines domestic violence to mean physical harm, bodily injury, assault, the infliction of fear of imminent physical harm, sexual assault, or stalking when perpetrated against a family or household member. See Washington RCW 9A.44.073-096. “Family or household member,” in turn, is defined as spouses, domestic partners, former spouses, former domestic partners, persons who have a child in common, adult persons related by blood or marriage, adult persons who presently reside together or formerly resided together, persons sixteen years of age or older who are presently residing together or who have resided together in the past and who have or have had a dating relationship,<sup>6</sup> persons sixteen years of age or older with whom a person sixteen years of age or older has or has had a dating relationship, and persons who have a biological or legal parent-child relationship.

<sup>6</sup> “Dating relationship” means a social relationship of a romantic nature.

### *“Dating Violence”*

Washington State has no criminal law that specifically addresses dating violence. However, Washington State’s domestic violence law, set forth above, may encompass dating violence in some instances.

### *“Stalking”*

Washington RCW 9A.46.110<sup>7</sup> defines stalking to encompass, in part, the intentional and repeated harassment of the accused that would cause a reasonable person under the circumstances to fear that the accuser intends to injure him or her, that in fact does cause the accuser to fear injury, and that the accused either intended, or reasonably should have known, that the accuser feel afraid, intimidated, or harassed.
