

## Program Disclosures

As articulated in Standard I.B.2, programs may have “admission and employment policies that directly relate to affiliation or purpose” that may be faith-based or secular in nature. However, such policies and practices must be disclosed to the public. Therefore, programs are asked to respond to the following question.

Does the program or institution require students, trainees, and/or staff (faculty) to comply with specific policies or practices related to the institution’s affiliation or purpose? Such policies or practices may include, but are not limited to, admissions, hiring, retention policies, and/or requirements for completion that express mission and values.

Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

The program accepts the maximum of 8 quarter credits from previously earned graduate coursework from regionally accredited institutions. The transfer credits are subject to the faculty review. To learn more about the policy, visit <https://www.antioch.edu/wp-content/uploads/2023/03/AUS-PsyD-Program-Handbook-v2.22.23-1.pdf> and review the Credit Transfers and Waiver Policy section. As PsyD courses are offered just once a year in the program, time to completion remains five years minimum despite the possibility of credit transfers.
