AREAS OF SCHOLARLY INTEREST AND EXPERTISE

Scholarly interests include the intersections of community-based adult education, civic ecology practices, and resiliency at multiple scales (individual, communal, ecological); food justice; restoration-based education; social learning and communities of practice; culturally responsive and equitable evaluation. Currently pursuing multiple evaluation, research and community service projects that engage graduate students and community members; advance workplace learning, and enhance sustainable, accessible food systems in the Monadnock Region of southwestern NH.

SPONSORED RESEARCH & COMMUNITY-BASED PRACTICE

Founder & Co-Director, Community Garden Connections

Antioch University New England, Department of Environmental Studies
Keene, NH, January 2011-Present

Community Garden Connections (CGC) collaborates with historically disenfranchised and under resourced community members through gardening with the goals of increasing food security, mitigating climate change impacts, and building personal and communal resilience. Since 2011: supervised 40+ graduate students as CGC Co-Coordinator to direct and implement educational programming, research and evaluation, and community service. Impacts include establishing 70 raised garden beds in collaboration with 13 social service agencies; reinvigorated fallow 1-acre garden in Westmoreland, NH; donated over 10,000 lbs. of produce to local food pantry, 2013-2023.

Principal Investigator, C&S Workplace Organic Gardens Initiative

Antioch University New England, Department of Environmental Studies
Keene, NH, 2012-2022

Established Antioch's first-ever *C&S Wholesale Grocers' Doctoral Fellowship* and innovative academic-corporate partnership designed to increase community capacity to grow food for local consumption. Since 2012, have engaged 18 graduate students in doctoral fellowships, professional internships and assistantships; established over 125 garden plots in five states; donated over 6500 pounds of fresh produce to local relief agencies; and overseen doctoral fellow and advised associated research.
